Courtney - Bringuier

In my earlier memo I forgot to mention that Mrs. Bisso told me that Kent Courtney arranged for a speech by Bringuier that was recorded (apparently tape-my notes do not specify). She can undoubtedly provide added details, as I have already asked her to do.

She expected to get some information from Mrs. Carmen Shea, mother of a friend of her godson and who worked for Courtney until two years ago. Then Mrs. Bisso phoned Mrs. Shea was suddenly always busy and never responded. She phoned Mrs. Shea for me.

Mrs. Shea apparently now works for Gallo bottling.
